Activation
Buttons

Immediate, easy, single-point activation for emergency notification

Alertus System Benefits

- Unified one-step activation from third-party notification systems
- Targetable activation by unit, group, or location
- Remote device health monitoring and configuration
- Plug-and-play deployment
- On-the-fly custom alert notifications

Visit www.alertus.com for more info

Features

- **Integration:** Fully integrated with Alertus suite of emergency mass notification products; can be configured to work with existing systems or products.

- **Customizable Preset Alerts:** Panic button alerts are preset for general emergencies and are fully customizable depending on your needs.

- **Custom Event Triggers:** Ability to configure optional custom event triggers to enhance the default panic button capabilities.

- **Facility-Wide Activation:** Pressing the panic button activates notification alerts through other integrated products.

- **Customizable Design:** Panic buttons come in multiple colors and can be customized to display the alert of your choice.

- **Accessible:** Wall-mounted with lift cover; conveniently install panic buttons for accessibility.

- **Easy:** Immediate, easy, one-step emergency notice activation.

- **Quick:** Quickly launch an alert for a general emergency.
